2/11/1999	11542	Proper secondary containment not provided	WM Hazardous Waste	\$0.00
2/16/2000	235657	Construction, Modification, Reactivation and Operation of Sources, Plan Approval Requirements, Compliance requirement. Failure to Operate and maintain a source or control device in accordance with the specifications.	Air Quality	\$0.00
2/16/2000	235658	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	\$0.00
5/22/2002	307118	Inspections not documented in operating record of facility	WM Hazardous Waste	
8/28/2003	365410	Waste is blown or otherwise deposited outside storage area.	WM Residual Waste	
8/28/2003	365411	There is an insufficient number of properly constructed storage containers.	WM Residual Waste	
8/28/2003	365412	All waste is stored more than one year.	WM Residual Waste	
8/28/2003	363743	No approved on the job or classroom personnel training program implemented	WM Hazardous Waste	
6/23/2004	430114	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
6/23/2004	430115	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
6/23/2004	430116	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/1/2004	430117	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/1/2004	430118	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/23/2004	430121	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/23/2004	430122	Standards for Sources, Synthetic organic chemical and polymer manufacturing -- fugitive sources. Failure to comply with the operation, maintenance and recordkeeping requirements for fugitive emissions.	Air Quality	
7/23/2004	430123	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/23/2004	430124	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/23/2004	430125	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/23/2004	430126	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/23/2004	430127	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/23/2004	430128	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	

7/23/2004	430129	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/23/2004	430130	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
7/23/2004	430131	Reporting of Sources, Recordkeeping. Failure to maintain and make records available upon request by the Department.	Air Quality	
6/24/2005	467702	All waste is stored more than one year.	WM Residual Waste	
6/24/2005	467703	Storage containers are not labeled properly.	WM Residual Waste	
6/24/2005	467698	Mismanagement of hazardous waste.	WM Hazardous Waste	
6/24/2005	467699	Facility failed to properly manage waste at the point of generation.	WM Hazardous Waste	
8/19/2005	471792	No approved on the job or classroom personnel training program implemented	WM Hazardous Waste	
8/19/2005	471793	Containment system does not have impervious base free of cracks	WM Hazardous Waste	
3/14/2006	485236	Standards for Sources, Sources of VOCs, Manufacture of surface active agents. Failure to comply with the Volatile Organic Compound emission control requirements for the manufacturers of surface active agents.	Air Quality	
3/14/2006	485237	Standards for Sources, Sources of VOCs, Manufacture of surface active agents. Failure to comply with the Volatile Organic Compound emission control requirements for the manufacturers of surface active agents.	Air Quality	
1/5/2007	505768	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
1/5/2007	505769	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
1/5/2007	505770	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
1/5/2007	505771	Standards for Sources, Synthetic organic chemical and polymer manufacturing -- fugitive sources. Failure to comply with the operation, maintenance and recordkeeping requirements for fugitive emissions.	Air Quality	
2/12/2007	508182	Person or municipality has no written source reduction strategy on site of generation of waste.	WM Residual Waste	
2/12/2007	508183	Waste is blown or otherwise deposited outside storage area	WM Residual Waste	
2/12/2007	508184	Storage area is not inspected and records are not available.	WM Residual Waste	
2/12/2007	508185	All waste is stored more than one year.	WM Residual Waste	
2/12/2007	508186	There is an insufficient number of properly constructed storage containers.	WM Residual Waste	
2/12/2007	508187	Storage containers are not labeled properly.	WM Residual Waste	
2/12/2007	508188	Storage container group do not meet height and access requirements.	WM Residual Waste	
2/12/2007	508189	Waste storage pile area is not properly designed, constructed and maintained.	WM Residual Waste	
2/12/2007	507990	Construction, Modification, Reactivation and Operation of Sources, Operating Permit Requirements, Compliance requirements. Violation for operating a source subject to this article unless the source and air cleaning devices is identified in the application for the plan approval/operating permit.	Air Quality	
2/12/2007	508177	Containers of hazardous waste not labeled to accurately identify contents	WM Hazardous Waste	
2/12/2007	508178	Wastes placed in containers or tanks not properly marked and labeled	WM Hazardous Waste	
2/12/2007	508179	Improper containment and collection system(s)	WM Hazardous Waste	
2/12/2007	508180	No approved on the job or classroom personnel training program implemented	WM Hazardous Waste	
2/12/2007	508181	Container storage area not inspected weekly for leaks, deterioration, etc.	WM Hazardous Waste	
4/23/2007	514588	Aboveground tanks registration violation(s)	WM Storage Tanks	
4/23/2007	514589	Closure or change-in-service violations	WM Storage Tanks	
4/23/2007	512726	Standards for Sources, Sources of VOCs, Manufacture of surface active agents. Failure to comply with the Volatile Organic Compound emission control requirements for the manufacturers of surface active agents.	Air Quality
